Report on 2nd September 2018 Book 52

On Sunday 2nd September we held an introductory session on Book 52. This was led by Mervyn Short and we had 34 people attend. They came from all parts of Sussex and Kent. The afternoon was extremely successful. All 12 dances were learnt. Some were enjoyed more than others.' Forty and Counting' proved to be most challenging but is certainly worth learning and dancing. It is good to see our local dance 'Farewell to Balfour Road' included in the book. Hopefully all the dances will be found on Saturday night club programmes over the next year.

The afternoon was held in a new venue, Rawson Hall Bolney, near Haywards Heath. Everyone found the hall excellent. The floor was sprung, the room light with air conditioning, wonderful acoustics and even had mirrors along one side so we could see how our dancing looked - not a feature loved by all!!! Rawson Hall is at the crossroads of the A23 and A272 so very accessible from all points of the compass.

Our thanks go to Mervyn for his excellent instruction. Next year the Book is to have old dances and so might not need such an afternoon. The dancing was at a high level, rewarding and most enjoyable. It might be worth thinking of an annual event when local teachers and dancers meet for a cheap fun session!
